1. PRESIDENT'S REPORT

2011 was my first year as President and an eventful year for St Ives Football Club with plenty to keep the committee busy both on and off the field.

During that time we have brought on a new Major sponsor that provided the club with a complete refresh of all shirts, further developed the club as a Centre of Excellence with the A-League team the Central Coast Mariners and exercised grants to enhance the club buildings. All this alongside ensuring that the members get to play football as often and as easily as possible !

Ray White Sponsorship

Ray White St Ives/ Gordon came on board as our major sponsor and provided us with fantastic new shirts for all players across all of the age groups. I am sure everyone will agree that the new shirts have added a professional edge to the club and are comfortable as well. This is a two way partnership, the Ray White brand will become better known in St Ives and surrounding locations and, as well as shorts, the club gains additional benefit from members selling their house through Ray White St Ives/Gordon.

We have been in discussion with the management team at Ray White to see what other ways they can become involved in the club we look forward to extending our relationship with Ray White into 2012 and beyond.

Now we have the new Ray White shirts, many of our old shirts, which were in good condition, have been used to help disadvantaged children in Africa. To this end they have been sorted, boxed up and sent off to Madagascar along with our unused training shirts. We hope that the new owners get great use of our beloved old shirts. We have retained a number across all sizes for St Ives FC use as required.

Central Coast Mariners Centre of Excellence

At the beginning of the season the SIFC committee entered into an agreement with the Central Coast Mariners to become a CCM Centre of excellence. This intensive training program covered ages U8s - U13s and provided two teams in each age group the opportunity to be coached by highly qualified coaches twice a week.

The program has proved to be a great success and will be run again in 2012. We have fine tuned some areas to ensure the training suits our clubs needs based on feedback from you, the members through surveys and workshops.

Capital Works

Two years ago we were awarded a grant from the Federal Government to put towards building works. Our initial plan to build a grandstand proved too expensive but we were able to successfully redirect the funds into other worthwhile projects as follows –

- ✚ Toolang roof extension \$19,000-00
- ✚ Warrimoo replacement roof \$21,000-00
- ✚ Warrimoo Canteen refurbishment \$5,000-00

The new roof at Toolang was completed in August 2011 and has proved very popular with spectators on a Saturday morning when it rained during games. The replacement roof at Warrimoo was completed in October 2011 and is also a very welcome addition as it provides extra security for the clubhouse. The only outstanding project is the kitchen refurbishment and we hope to have this completed sometime during the off season... ... is there an off season???

Weather

The weather was not particularly kind to us this season with up to 5 rounds washed out for some age groups. KDSA committees work very hard to get as many games played as possible but despite their efforts some teams played as few as 12 games. I know firsthand how difficult it can be to reschedule games and how frustrating it can be to have games called off and moved at the last minute.

Fundraising

We were delighted to be given a \$3000 bequest from St Ives Village Shopping Centre at the beginning of the season. Some of this money was put towards the Special Needs fun day and the rest has been allocated to improving our technology and website. We hope to start work on the website in the next month.

Social Events

We held two social evenings this year and both were successful events.

Our season launch held at Pymble Hotel in March was attended by over 50 people including a visit by Central Coast Mariners player Matt Ryan and assistant coach Phil Moss. This was a great start to the season providing members an opportunity to catch up with each other again after the off season.

Our major fundraiser for the year was held in August at Turramurra Bowling Club and attended by over 180 parents, players and friends of St Ives Football Club. Many teams came together to help arrange hampers to be auctioned on the night and we managed to raise over \$3000.

It was real honour to see so many of our life members at both functions, some of whom have had a strong involvement with SIFC for many years.

Social events like these help raise valuable funds for the club to help enhance our members' experience. Whether it be helping to keep registrations fees pegged to the same price each year or larger projects such as additional lights at Warrimoo oval, or even an artificial surface !!

Help for these functions always goes a long way to make them a success and we thank those that helped out in 2011.

In 2012 we anticipate running at least these two events again and look forward to seeing them grow as more and more members attend.

Volunteers

St Ives Football Club is one of the very few large clubs in KDSA that does not have a paid administrator. All our work is currently done by hard working volunteers who help to get all the players sorted into teams and the teams on the pitch in a strip with a ball to kick !

It is not an easy task and I would like to thank the core and extended committee who have been involved this year for their hard work and dedication and for supporting me throughout the year.

We had 61 teams this year which by my calculation means 61 coaches turning up to training and games each week and 61 managers completing match cards and sorting substitutes each week. We cannot thank you all individually but the St Ives FC Committee would like to say a collective "Thank you" for all your efforts and hope that it was a sufficiently pleasurable experience that we will see you back again next year !

Penny Howell
President
St Ives FC

2. TREASURER'S REPORT

The yearly running of the club has been similar in many respects to last year. The main activities of the club are the Winter competition and the Summer 5-A-side and have had similar expenses to last year.

Club Profit

The profit and loss sheet shows that the club has made a profit of \$42,000. We believe this is higher than previous years due to the following:

- ✚ \$8,000 – Part of the Government grant received which has not yet been spent on a new kitchen for the clubhouse
- ✚ \$3,000 – income from social functions
- ✚ \$3,000 - St Ives shopping centre sponsorship
- ✚ \$5,000-\$10,000 –Costs savings on playing strip (see below re: Sponsorships Ray White Gordon/St Ives). We note that if the Ray White sponsorship was not received, we would have estimated costs of \$5,000 to \$10,000

We note that this 'profit' will need to be kept as a buffer for future expenses.

Winter Comp

Winter registration income was slightly down on last year. As KDSA and insurance charges are based on registrations, these have also reduced as well, being charged based on registrations.

5-a-side

The 5-a-side competition has continued to generate revenue for the club. Last year's profit of approximately \$20,000 has been allocated to the Mariner's program.

Mariners Program

The Club made a contribution to the Mariners COE program of \$19,716 only slightly over our estimate of \$18,000. This investment was strongly considered by the committee before starting the program, in particular whether club profits should partly subsidise the costs of the program in the first year.

It was felt that the program should help to strengthen the club over the long term in a number of ways.

With St Ives using the Mariners program, we could improve our reputation and could potentially gain new players (such as from other clubs).

The committee also felt that the program could help to help retain players (particularly as they get older and might otherwise stop playing soccer).

And obviously, the main benefit of improving the skills of our players.

Sponsorships

Ray White Gordon/St Ives

We wish to thank Ari and the team from Ray White Gordon/St Ives again for their generous contribution which was used to purchase new shirts. We hope that you consider engaging Ari and his team if you decide to sell your home.

St Ives Shopping Centre

We received \$3,000 from St Ives Shopping centre which was allocated for costs of the special needs barbeque and website costs.

We would also like to thank all those who have given time, money or goods to the club.

Grants

We have exercised a grant of \$53,152 (\$48,392 GST exclusive amount is shown in the accounts) from the NSW state government. We have chosen to use these funds to upgrade the clubhouse roof and kitchen.

Social Activities

We wish to thank those who have attended our social events (Season opening at Pymble Hotel, Season close at Turramurra Bowling club). We raised approximately \$2,179 from these events.

Narrations on direct deposits

As St Ives has received many receipts in our bank account this year (including Mariners program, 5-a-side, social etc.) it is important that any receipts are notated so they can be correctly allocated.

For example if only 'my son James' is given as the narration – this could be incorrectly coded as registration fees, when it was a mariner program payment, etc. So please ensure that the type of payment and full name is given for who the payment is to apply to as much as possible.

✚ Type of payment – Name

✚ e.g. Mariners – James Smith or : Club Dinner – Jones fam x3 James, Sarah, Tim

GST registration

The club registered for GST on 1 September 2010. This means 1/11ths of funds received need to be remitted to the ATO, but we can claim 1/11th of GST expenses (which include KDSA charges, etc).

The net GST payments (refunds) which have been lodged on the business activity statements (BASs) for the previous quarters have been: September 10 \$2,592 December 10 (\$3,175), March 11 \$22,130, June 11 (\$11,615). The sum of these GST payments is \$9,932. Less an expected GST refund of \$2,580 (see below) – means the Net GST paid by the club for the year ended 31 August 2011 is \$7,352.

The net GST paid this year is higher than usual due to the government grant received (but not yet spent).

From July –August there is an expected GST refund of \$2,580 (similar to the GST balance owing of \$2,019.76 shown in the accounts) which will come through in the September 2011 BAS.

Audited

As the club had more than \$250,000 in turnover last year (31 August 2010) we are required submit audited accounts to the Office of Fair Trading. Frank Catanzariti from Frank Clune & Son has kindly assisted the club with the audit.

Treasurer resignation – would you like to learn bookkeeping?

I wish to tender my resignation immediately as treasurer, and am happy to train anyone interested in learning bookkeeping (the club currently uses MYOB). I have found the work to be rewarding and have really enjoyed working with Penny, Roger and the committee. The reason for my resignation is that I am getting married in December 2011.

Thanks again to the committee for all the hard work they have put in this year.

Scott Kay
Treasurer

3. BALANCE SHEET

St Ives Soccer Club		
Balance Sheet

5. AUDITOR'S REPORT

ST IVES FOOTBALL CLUB INCORPORATED INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF ST IVES FOOTBALL CLUB INCORPORATED

Report on the Financial Report

We have audited the accompanying financial report, being a special purpose financial report, of ST IVES FOOTBALL CLUB INCORPORATED (the association), which comprises the balance sheet as at 31 August 2011, and the income statement.

Committee's Responsibility for the Financial Report

The committee of ST IVES FOOTBALL CLUB INCORPORATED is responsible for the preparation of the financial report, and has determined that the basis of preparation is appropriate to meet the requirements of NSW Associations Incorporation Act 2009 and is appropriate to meet the needs of the members. The committee's responsibility also includes such internal control as the committee determines is necessary to enable the preparation of a financial report that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. No opinion is expressed as to whether the accounting policies used, are appropriate to meet the needs of the members. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the committee, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Auditors' Opinion

In our opinion, the financial report of ST IVES FOOTBALL CLUB INCORPORATED presents fairly, in all material respects the financial position of ST IVES FOOTBALL CLUB INCORPORATED as of 31 August 2011 and of its financial performance for the period then ended in accordance with the NSW Associations Incorporation Act 2009.

6. MENS FOOTBALL REPORT

- O35/45 report:

This year a number of players from our Over 35 ranks decided that the time had come to listen to their bodies and admit their age. The result was the formation of an additional Over 45 team alongside the team that had been playing in the Over 45 competition since its inception.

The new team gelled well, so well that they finished the season as Division 1 Champions! Their only disappointment was that they failed to go through the whole season unbeaten. In their last game, in a true reflection of the realities of Over 45 football, 9 players were injured or unavailable and the remainder were unable to hold off a Rangers side determined to spoil the party.

Amongst the 3 Over 35 squads the star performers were the Division 2 Reserves, who topped their division, and the Division 3A Firsts who, having been promoted from Division 4, surprised themselves by finishing 2nd. As a consequence they have almost certainly secured promotion to Division 2 next year.

Together it was a record year for Over 35 and 45 player numbers with a total of 150 registrations across the two age groups, a great testament to the desire of our "senior" players to keep playing and to keep fit, whatever their standard of football. It's also a great reflection on the camaraderie and spirit amongst the entire group as it continues to attract new players into the club. The more the merrier.

Nick Jones
M35/M45 Coordinator

7. JUNIOR FOOTBALL REPORT

The 2011 winter season was a watershed for the club in that we moved from a grading policy whereby teams were formed on a primarily social basis to a policy whereby teams were formed on a primarily graded basis.

This policy had the greatest impact in the Junior Mixed U8-13 age groups where the club formed a partnership with the Central Coast Mariners and introduced a program called the Centre of Excellence. The Mariners ran the grading process and selected the graded teams (known as Talent Squads) in these age groups. There were 2 Talent Squads in each of the U8-10 age groups and 1 Talent Squad in each of the U11-13 age groups.

Once the Talent Squads had been selected then the club formed the remaining teams primarily using social preferences. The overall outcome of the new policy was that the majority of players still landed up playing with friends in socially based teams but these teams were not dominated by a small number of stronger players because the stronger players were part of the Talent Squads. The objective was for the Talent Squads and the socially based teams to have more enjoyable seasons.

Based on feedback received from members as well as a lower number of issues arising during team selection, the grading policy and the Centre of Excellence program have been deemed a success. Naturally there were some teething issues as well as issues outside of the club's control, the main issue being a significant number of days lost due to wet weather. The club has taken all these issues into account and produced an improved program for 2012.

Another factor contributing to a more enjoyable season was the emergence of Age Managers in certain age groups. A big thank you to Daniel Berg (U9), Raymond Levin (U10) and John Felton (U12) for stepping up to the mark. The sustainable success of an age group is significantly enhanced by the active involvement of parents. We would like to see more Age Managers come forward in 2012 to enhance the enjoyment of all age groups.

Dale Catzel
Registrar

8. GIRL'S FOOTBALL REPORT

The 2011 season saw St Ives enter 7 junior teams and 5 womens' teams in the KDSA competition. There were two teams in both the Under 10s and the Under 16s competitions - a definite improvement on the previous years in these age groups. Most of the junior teams were entered into Division 2 with the exceptions being Under 16Bs in Division 3 and the Under 18As in Division 1 - the two Under 10s were non-competition. After an initial scramble for numbers in most teams, the season settled into some predictable patterns with school holidays impacting on the availability of players at all levels and the weather causing some very frustrating cancellations.

At the end of the season St Ives Girls and Women produced very creditable results.

The Under 12 finished third in Division 2 - the Lindfield teams proved too strong in late season games when numbers were tight. Ironically the team that won the Division only did so courtesy of an own goal on St Ives part in what was possibly the best game of the competition between two evenly matched, full strength teams in the week after Gala Day! Most of the girls in this age group will go up to Under 14s next season.

The Under 14 girls finished third in Division 2. They had a rocky start to the season, with no coach appointed for pre-season training. One of the Under 18 boys took on the job to lead the girls through a highly competitive season. As with all teams, numbers were tight and they had to borrow players from the Under 12 team on a number of occasions to avoid a forfeit. Most of the girls in this team will be eligible to play Under 14 again next season.

After not entering an Under 16 team in 2010, the club was able to field two properly graded teams for the 2011 season. The Under 16As finished fifth out of six teams entered in Division 2. The Under 16Bs finished fifth out of ten teams in Division 3. All the girls in this age group are eligible to play Under 16 again next season.

The Under 18As finished third in Division 1 and won their pool on Gala Day. Unfortunately they had to forfeit twice during the season due to unavailability of players. Many of these players will move into the WAA competition next year so St Ives may not be able to enter an Under 18 team in the coming season.

The 2012 season will see the introduction of an Under 11 age group in the girls' competition if enough clubs can enter teams to make it competitive. St Ives will probably be able to enter one team in this age group as a number of Under 10 players will be moving up. However, unless there is an influx of new players, the club may not have sufficient numbers to enter an Under 12 team - this will mean some of the younger girls may be asked to play in the Under 14 competition. Based on numbers from this season, there will be two Under 14 teams which will allow for proper grading of players. There are only a handful of girls left in the Under 12-Under 14 Mixed competition and it is anticipated that some of these will come over to the Sunday comp in the coming season, while some will continue to play in both competitions. The Club grading policy needs to be made clear to all players as they register to avoid issues in the coming season.

9. WOMEN'S FOOTBALL REPORT

This year was a good year for our Women's s teams with two out of the five teams winning their respective divisions . Congratulations to our WAACs (division 5) and our W35As (division two) for topping the table. A special mention must go to our WAAAs who finished a very credible 2nd in Division two this year.

The KDSA Women's Committee explored the option of forming squads for WAA and W35 ages next year but have conceded that the competitions are not yet developed enough across the association for this to be a possibility in 2012. Hopefully with continued growth this will become a viable option in future years.

Several WAA and W35 games were lost due to bad weather and ground closures this season. These age groups are amongst the hardest to arrange make up games for due to limited availability of players and limited grounds at other times.

Hopefully 2012 will be a little drier!

Penny Howell

10. SPECIAL NEEDS FOOTBALL REPORT

The Special Needs program at St Ives continued with over 35 players participating in the 8th year of operation. These programs target those with intellectual disability who would not otherwise be able to participate in team sport activities.

A fun day was held at St Ives sponsored by the local St Ives Shopping Centre. “Oddball” day had a sausage sizzle and events and games. State member, Jonathan O’Dea a long- time supporter came along and helped out for the day. The Oddball idea had the children playing soccer with a rugby ball, giant soccer ball and tennis balls. The games were designed to be a break from the normal events and encouraged participation by siblings.

Further afield, a group called Special Needs Soccer has been established in the US to provide comprehensive special needs soccer curriculum to enable communities, schools, and organizations to launch their own programs. Though there is no direct relationship, they have requested our Association to help develop drills/activities and ideas in support of their program.

The partnership with Hornsby/Ku-ring-gai/ Hills District Cricket association to help design and develop an equivalent cricket program has been successfully completed. With 20 participants now involved, ongoing development and expansion will proceed under a club within the cricket association.

The coming years will see the program facing new challenges as more of the original participants have reached adult ages. This is likely to change not only the structure of the competition but also the marketing and avenues used to outreach to the community that does not attend schools.

David Howard
Special Needs Coordinator

11. SUMMER 5 ASIDE REPORT

Over the last four years St Ives FC has hosted a Summer Five a side competition for U6s – U10s. This was initially run at Barra Brui Oval and then at Koola Oval, East Killara as the registration numbers grew. The season runs from September through to February and we have just under 400 players competing this year over two evenings.

This is a great chance for the younger players to keep up their skill levels during the summer months. It also provides a great opportunity for many young St Ives FC referees to gather more experience on the small field.

A planned highlight for the season is our Gala Evening on Thursday 24th November. On this night we will be offering a free sausage sizzle courtesy of **Ray White St Ives/Gordon** and there will be some **Central Coast Mariners players** on hand. We also plan to hold an exhibition match between some of the CCM Centre of Excellence Teams. Every is welcome to come along to Koola Oval on this evening between 5-00pm and 6-30 pm to join in the festivities.

Roger Dutton
5 A-Side Co-Ordinator
